ASSISTING COMMUNITY THROUGH SERVICES

Early Childhood Success • Positive Youth Development • Successful Aging
Housing & Homelessness • Transportation • Financial Empowerment
Behavioral Health

Serving You Better. Together.

Looking for human services in Monmouth County?
Not sure where to start – or where to turn for help?

Start here.

Monmouth ACTS is the place to turn to for the services you need.

Monmouth ACTS (Assisting Community Through Services) is a public-private partnership designed to help residents learn about and connect with County and community human services, such as health care, financial aid and aging services.

The Monmouth County Board of County Commissioners launched Monmouth ACTS in 2018 as a bold new way to bring together County agencies, community nonprofits and private organizations to work on your behalf. Together, they are finding innovative ways to meet our County's most pressing human service needs.

ASSISTING COMMUNITY THROUGH SERVICES

How can Monmouth ACTS help me?

Monmouth County is home to many resources and programs residents can use to improve their lives. Monmouth ACTS can help connect you to:

- Child care & development
- Successful aging services
- Financial services
- Health care
- Mental health & addiction services
- Food & nutrition
- Housing services
- Utility aid
- Transportation
- Legal services
- Disaster preparedness/ response

What does this mean for me?

With County and community leaders working together, Monmouth ACTS has created an easier path for you to learn about ALL the resources available to you. We're making access easy, and we're streamlining programs to avoid duplication.

That means more combined resources to help address the issues most important to you and your family.

Can I get involved?

We are actively listening to what residents have to say about their communities, and relying on input from residents to help guide Monmouth ACTS. If you wish to share helpful community resources, or if you wish to let us know about a specific need in your community, call 732-683-2102.

Start here.

We're serving you better. Together.
